TENDERER'S CHECKLIST

The municipality makes no representation regarding the title to the property or any other matters relating to the lands to be sold. The property may be worth much more *or* much less than the minimum tender amount.

The responsibility for researching this property to see if it is a good investment and researching the legislated requirements and provisions of the tax sale procedure is up to you.

A Title Search Summary includes an execution search and will outline what will stay on title and become your responsibility after the tax deed is registered, such as crown interests, easements, restrictions, etc. It could be helpful to obtain a Title Search.

It is important to **investigate** to find out the property condition, landuse, zoning, building permits, etc. You would want to make sure it fits in with your plans for the property.

If your tender is accepted and you do not pay the balance of the tender amount owing on time, **your deposit will be forfeited to the municipality** as set out in the *Municipal Tax Sale Rules*.
